

## INTEGRATION CLASS FOR NON-FRENCH SPEAKING STUDENTS

This program is aiming at **non-French speaking children** for an **admission from CP to CM2** (from the 1<sup>st</sup> year of elementary school to the last year of elementary school) in **September 2022, November 2022** or **January 2022**.

### What is the integration class about?

Our goal is to give the students the ability to follow the class in French in the *École française de Sharmel Sheikh (EFSSH)* within one year.

- Students will be assessed at first for their skills in non-linguistic subjects.
- Students will follow **a course for non-French speaking** pupils with a **teacher who is specialized in teaching French as a foreign language**. These hours are not spent with the other students of the ordinary class but are specifically designed for non-French speaking children according to their language level.
- **Students will participate to the courses with the students of their age** in the regular classes for **one and a half hour every day** during school time.
- Students will take part in the **Extra Curricular Activity** after 2pm (compulsory attendance with an additional cost for the families) at least 4 hours per week.
- Students will take part in **visits and school trips** with the regular class.
- According to their progress, the students will spend gradually more and more time in the regular class. The course in the integration class cannot exceed 12 months.

## How to apply for the “ integration class” ?

- Families can apply for the program by sending a email to: [direction@ecolefrancaisesharm.com](mailto:direction@ecolefrancaisesharm.com)
- or by visiting us in Hadaba (location on the website: <https://ecolefrancaisesharm.com>)
- or by downloading the application on our website.
- Kindy think of providing documents on the child’s identity and educational background, for the school’s records **before June 23<sup>rd</sup>**.(for the course starting in September). Once parents have applied, students will be called in for a morning of observation.
- Families will be charged for this registration and pay the school fees of the class corresponding to the child's age. (Schoolfees can be downloaded on the website)
- During this morning of observation, students will be assessed according to their language, mathematics and general skills following their age level.
- Then, a meeting between the families and the school headmaster will be set to clarify the enrollment project.
- If the enrollment is accepted by the headmaster, the child will join the integration class at the beginning of the coming school year. The student will then be enroled at EFSSH.
- To finalize the enrolment, families will have secure the payment of the initial enrolment fees and the school deposit. In the event of a non-validation of an application, the fees will be fully reimbursed.
