

## INTEGRATION PROGRAM FOR NEW-TO-FRENCH STUDENTS

This program is aiming at new-to-French children for an admission from CP to CM2 (from year 1 to year 5 of elementary school) in September 2023.

### What is the integration program about?

Our goal is to give the students the ability to follow the class in French in the École française de Sharmel Sheikh (EFSSH) within 6 months.

- Students will be assessed for their skills in non-linguistic subjects.
- Students will follow a course for non-French speaking pupils with a teacher who is specialized in teaching French as a foreign language. These hours are not spent with the other students of the ordinary class but are specifically designed for non-French speaking children according to their language level.
- Students will participate to the courses with the students of their age in the ordinary classes for one and a half hour to two hours every day during school time.
- Students will follow the Extra Curricular Activity after 3pm (compulsory attendance with an additional cost for the families) at least 4 hours per week.
- Students will take part in visits and school trips with the classes of the school.
- According to their progress, the students will spend gradually more and more time in the regular class. The course in the integration class cannot exceed one school year.

## FRENCH SCHOOL INTEGRATION PROGRAM SEPTEMBER 2023

### How to apply ?

- Families can apply for the program by sending a email to: [direction@ecolefrancaisesharm.com](mailto:direction@ecolefrancaisesharm.com)
- or by visiting us in Hadaba (location on the website: <https://ecolefrancaisesharm.com>)  
Appointment in: 01097659903
- Provide documents on the child's identity and educational background, for the school's records **before June 15th**. Once parents have applied, students will be called in for a morning of observation.
- Families will be charged for this registration and pay the school fees of the class corresponding to the child's age. (Schoolfees can be downloaded on the website)
- During the morning of observation, students will be assessed according to their language, mathematics and general skills following their age level.
- Then, a meeting between the families and the school headmaster will be set to clarify the enrollment project.
- If the enrollment is accepted by the headmaster, the child will join the integration class at the beginning of September. The student will then be enroled at EFSSH.
- To finalize the enrolment, families will have secure the payment of the initial enrolment fees and the school deposit. In the event of a non-validation of an application, the fees will be fully reimbursed.
